

Respected Sir / Madam,

I am a resident of [Your constituency] and a member of the public with an interest in how affirmative action policy is administered.

I am writing to ask you to support the annual publication of category-wise recruitment and admission outcomes, state-wise and in a comparable format. This asks for disclosure, not for any change to entitlement. At present the figures are published inconsistently between departments, which makes informed debate impossible for constituents on every side of this question.

I would be grateful to know your position on this, and whether you would be willing to raise it in the House or with the relevant ministry.

Yours sincerely,

[Your name]

[Your constituency]
